Collaboration: How Leaders Avoid the Traps, Create Unity ...
Those leaders who pursue disciplined collaboration "take their organizations to higher levels of performance...know where the opportunities for collaboration exist and when to say no to lesser projects...avoid the trap of overestimating benefits and overcollaborating...tear down the barriers that separate their employees...set powerful and unifying goals and forge a value of teamwork...cultivate T-shaped management...help employees build nimble, not bloated, networks...look within themselves ...

Collaboration: How Leaders Avoid the Traps, Build Common ...
Collaborative leadership encourages ownership of the collaborative enterprise, builds trust and minimizes turf issues, allows for more and better information, leads to better and more effective solutions, encourages new leadership from within the collaboration, empowers the group or community, and can change the way a whole community operates.

Section 11. Collaborative Leadership
Placing group goals above personal satisfaction and/or recognition, especially if you're the leader; Apologizing for missteps and forgiving others for mistakes; holding a grudge or sabotaging the efforts of other team members destroys collaboration

Collaboration Skills: What Are They?
To be an effective leader—in an increasingly volatile, uncertain, complex, and ambiguous (VUCA) business environment—leaders need to develop the ability to build collaborative relationships. The ability to build coalitions and work collaboratively becomes even more important as a leader takes on more and more responsibility and the ...

Learn How to be a Collaborative Leader
Collaborative leadership is a way of managing people across functional and organizational boundaries. In collaborative working environments, managers aren't simply there to oversee projects and make sure goals are met; rather, they work alongside employees and in collaboration with other teams and departments to accomplish shared goals.
