## **The Honey Farm**

The honey farm on the hill was my first book by Jo Thomas and will not be the last. It was also my first chick-lit book after a long break from the genre. This is a book about first loves and moving on. What I really loved about this book was just how quickly I was drawn in and how I really felt included.

Although there were 3,500 native bee species of bees pollinating the flowers and food crops of North America when European settlers landed on its shores in the 17th century, the colonists were interested only in their Old World honeybees' wax and honey. They imported the insects, and by the mid-1800s, both feral and domesticated colonies of honeybees were scattered all over the United States ...

Ten artists respond, gathering at a rural, isolated farm. As members of the colony weather changes within and without, idyllic daydreams are accompanied by nightmares. Both disturbing and disturbed, Harriet Alida Lye's *The Honey Farm* hinges on a terrible disquiet that forms as landscape and lives converge.
