Political Theory is a distinct field within the discipline of political science.

Political theorists tend to focus more on theoretical claims rather than empirical claims about the nature of the politics.

Normative political theory is concerned with questions about such concepts as justice, equality, and rights.

Political science - Wikipedia

In Chapter One of “Theories and Methods in Political Science”, Sanders focuses on a central question of “why do people behave in the way they do?” In

Access Free Theory Methods In Political Science David Marsh Trade

behavioral analysis, it is important to focus on observable behavior.

Observable behavior is crucial because it centers in on why people do what they do, not what people think internally.
